

52 years old, high school social science teacher - 45k,  
carbon natzi/stingy (happy teacher)

43 years old, civil engeneer - 65k, pay it off, 60 hours a week, stressed at work but happy

17 years old, highschool, playing video games and partying. Has a guitar but never plays because he didn't stick with the lessons

13 year, middle school, "makeup girl"

Simone

Says

"I'll do this right away"

but does something completely different

fights her parents on topics she cares about (makeup and trips to the mall and the movies)

influences -> browsing Instagram

snapchats her friends

Does

Spend eletricity outside her room by forgetting to turn off the lights

Thinks

her girl friends' opinion matters

can't show up sweaty (e.g. from riding a bike)

Feels

cares about the environment but only as long as it doesn't interfere with her lifestyle (makeup)

cares about fitting in
